

Important Update

1. RxAdvance Processing Information

Medical and Pharmacy information is included on your combined Medical/Pharmacy physical ID Card. ID Cards are sent by post from the Medical Carrier you select (Premera or Cigna) after you first enroll. An electronic copy of this ID Card is available on Amazon A to Z and on RxAdvance's Member Portal.

The pharmacy coverage information on your ID Card includes your Member ID Number and the BIN, PCN, and Rx Group shown below. These data elements must be submitted on an electronic claim by your preferred in-network pharmacy.

BIN: 610315

PCN: RXA279

RxGroup: Amazon2

If your preferred in-network pharmacy needs support receiving a paid claim, RxAdvance can provide support at **1-800-991-3149**.

2. New Premium Plan Design replaces Shared Deductible and Standard Plan Designs

Starting on January 1st, 2025, the Premera Shared Deductible and Premera Standard Plans will be replaced with the **Premera Premium Plan**. The Premium Plan is a PPO Plan which does not have an in-network deductible. Please refer to the plan comparison chart for the Premium Plan's pharmacy benefit plan design.

Members in the Shared Deductible Plan as of 12/31/2024 will maintain access to any remaining funds in their Health Reimbursement Account (HRA). Although the Premium Plan does not have an HRA as part of its design, any members with remaining funds will have their balances transferred to the Premium Plan for use in 2025. However, no new HRA contributions from Amazon will be made.

3. Accumulator Reset

Starting on January 1st, 2025, your **accumulated deductible** and **Out-of-Pocket maximum** will reset to **\$0**, regardless of whether you're a new or existing member. If your plan includes a deductible, you will need to cover the full cost of medications up to the deductible amount.

After you meet your deductible, you will be in your **Out-of-Pocket phase** and will pay flat pharmacy copays until your Out-of-Pocket maximum is reached. After that, the Plan will cover the full cost for all covered, preferred medications within plan limitations.
